

Barry Township Special Meeting Regarding Cannabis Production

Minutes July 8, 2024

The meeting was opened at 7 pm. Gussie Croup came to share information on placing a moratorium on cannabis production in Barry Township to allow time to establish cannabis related ordinances.

Some things brought up to think about are how a cannabis business cannot be within 1000 feet of any school or 500 feet from any child care business or park. The Planning Committee may have to consider things such as how much water a cannabis growing operation uses along with the lighting, odor and security issues.

A motion to adjourn was made by Kim Crow and 2nd by Keith Kappauf. Motion carried. The meeting ended at 7:43 pm.
